Allin Info System

Shopify Developer

A Shopify Developer is responsible for designing, building, and maintaining eCommerce websites on the Shopify platform. They create custom themes, optimize store performance, and integrate third-party apps or APIs to enhance functionality. The role also involves troubleshooting issues, implementing new features, and ensuring the site is user-friendly and responsive.

○ July 2022 - Jan 2024

Build with Innovation Pvt Ltd, Pitampura

Web Developer

Web developer specializing in Shopify and WordPress, with skills in UX redesign, Figma/PSD to HTML conversion, and custom themes. Experienced in Shopify templates, Liquid code, payment gateway integration, and API-based shipping. Focused on usability, SEO, speed, and accessibility.

○ Apr 2021 - July 2022

Swiftly Web Agency, Tilak Nagar

Wordpress Shopify Developer

Web Developer specializing in WordPress, creating websites from scratch, customizing themes and plugins, and managing content. Focused on seamless navigation, user-friendly interfaces, and optimizing performance for all devices. Prioritizes functionality and aesthetics.

○ May 2020 - Mar 2021

Hostenzo, Pitampura

Wordpress Developer

My responsibility as a website developer is to design and develop a website by using WordPress, creating pages, uploading content, creating templates, and customization in existing websites. Apart from that convert PSD/Figma design into responsive HTML pages and templates.
