Experience

July 2022 - Jan 2024
Build with Innovation Pvt Ltd, Pitampura
Web Developer

As a web developer, I specialize in crafting tailored Shopify and WordPress websites to meet client needs. I excel in redesigning sites from the ground up, enhancing user experiences for optimal engagement. My skills extend to converting Figma/PSD designs into responsive HTML pages, and developing custom themes, plugins, and React components. In the realm of Shopify, I adeptly create custom templates, sections, and snippets using Liquid code, while also ensuring high performance and availability of CMS. Moreover, I seamlessly integrate payment gateways and third-party API-based shipping processes. My dedication extends to designing and implementing new features and functionality, always optimizing websites for usability, SEO, speed, and accessibility.

Apr 2021 - July 2022
Swifty Web Agency, Tilak Nagar
Wordpress Shopify Developer

As a Web Developer, I design and develop websites from scratch using WordPress. My tasks include creating pages, uploading content, and customizing themes and plugins to meet client needs. I ensure seamless navigation and user-friendly interfaces. Adhering to best practices, I optimize sites for performance and responsiveness across devices. With a keen eye for detail, I prioritize both functionality and aesthetics in my work.

May 2020 - Mar 2021
Hostenzo, Pitampura
Wordpress Developer

My responsibility as a website developer is to design and develop a website by using WordPress, creating pages, uploading content, creating templates, and customization in existing websites. Apart from that convert PSD/Figma design into responsive HTML pages and templates.
